... Please turn over

Reason(s) for Excision:

Two excisions are required to remove scenes that contain depictions of sexual conduct of a degrading nature and that contribute strongly to the publication degrading and dehumanising its female participants. In both of these scenes, women are positioned to maximise the penetration of their anuses by fingers and penises, and to highlight the display of their anuses, during and after penetration, for the camera. In the second scene, the degrading effect is accentuated by the fact that two men take turns at having anal intercourse with a woman, who is positioned with her buttocks in the air and has no apparent say in proceedings. In both scenes, the women are degraded because they are treated solely as spectacles for viewer sexual arousal, with minimal regard paid to their comfort with or enjoyment of the activity.
